

The wait is finally over, the holiday season is here,
a time of magic, joy, and good holiday cheer.

To celebrate this time, here's a fun hunt to do,
where you'll solve some riddles and follow each clue.
Once the clues have been found and the hunt is complete,
a Christmas surprise will be waiting as a treat!

Step right up and start the fun! Let's begin with clue #1.
For Christmas snacks that need warming in seconds, not hours,
you go to the machine with super-fast heating powers.

When you come inside
on a cold winter day,
you make something warm
to take the chill away.
Look where your hands
wrap around a cozy treat,
a little surprise is hidden
where warmth and
chocolate meet.

Mix the butter, sugar, & flour.
Christmas cookies take an hour.
Roll the dough thin & flat.
Cut out stockings & a Santa hat.
Before they bake, cookies stay
in neat little rows, on display.
Find out where dough does lie,
& spot your Christmas
clue nearby.
